HALE GLASS

16th ANNUAL BLOOD DRIVE

IN MEMORY
OF THOSE WE LOST

9.11.01

The need for blood is constant and only volunteer donors can fulfill the need for patients in our community.

Nationwide, someone needs a unit of blood every 2 to 3 seconds and most of us will need blood in our lifetime.

More than 1 million new people are diagnosed with cancer each year. Many of them will need blood, sometimes daily during chemotherapy treatments.
